"Apply" What You Have Learned Today

- Next week you should:
  - Identify dependencies on cybersecurity tools and services led by nonprofits or volunteer groups (e.g., open-source tools, frameworks, protocols).
  - Consider supporting these organizations.
- In the first three months following this presentation you should:
  - Commit to long-term strategies supporting equitable cybersecurity tools and platforms. Align these efforts with CSR initiatives.
- Within six months you should:
  - Advocate for usability and accessibility in cybersecurity practices. Ensure security-by-design principles work for all users.
  - Support collective cybersecurity resilience initiatives such as **Common Good Cyber.**
